TABLE OF CONTENTS

LIST OF FIGURES	vi
LIST OF TABLES.....	ix
LIST OF ABBREVIATION.....	xi
CHAPTER 1: DETERMINATION OF OBJECTIVES	
1-1 Significance of objectives	1
1-2 Objectives establishment.....	2
CHAPTER 2: QUESTIONNAIRE DESIGN	
2-1 Types of questionnaire	3
2-2 Process of questionnaire design	3
2-3 Important issues in questionnaire construction	4
CHAPTER 3: SAMPLING METHODOLOGY	
3-1 Significance of sampling.....	6
3-2 Simple random sampling.....	7
3-3 Types of probability distribution.....	7
3-4 The normal distribution.....	8
3-5 The binomial distribution.....	11
3-6 Measures of central tendency and dispersion for the binomial distribution	13
3-7 Sampling distribution	14
3-8 Interval estimate and confidence interval.....	15
3-9 Determining sample size in estimation	19

3-10	Proportions from a simple random sample.....	23
3-11	Discussion of confidence interval (sampling error)	23
3-12	Consideration of an appropriate sample size	28
CHAPTER 4: STATISTICAL ANALYSIS		
4-1	Chi-square (χ^2) ----- Test of independence	30
4-2	Testing relationships by SPSS.....	33
CHAPTER 5: CASE STUDY IN PUBLIC OPINION SURVEY — COOKING OIL & FUME EMISSION FROM RESTAURANTS		
5-1	Introduction	34
5-2	Distribution characterization of food premises in Macau	34
5-3	Feasible investigation of legislation by survey	35
5-4	Survey objectives	37
5-5	Target population	37
5-6	Survey method.....	37
5-7	Determination of sample size.....	38
5-8	Questionnaire design	38
5-9	Data collection.....	38
5-10	Pre-test survey.....	40
5-11	Fieldwork	40
5-12	Precision of survey result.....	41
5-13	Quality control	41
5-14	Data processing	41
5-15	Statistical Testing.....	42

CHAPTER 6: DESCRIPTIVE STATISTICS

6-1	Outline of respondents	43
6-2	Occupation of respondents	45
6-3	Income of respondents	46
6-4	Scale of restaurants.....	47
6-5	Impact of cooking fume & odour emission from restaurants.....	47
6-6	Respondent's senses of cooking fume & odour emission from restaurants.	48
6-7	Observation of cooking fume emission from restaurants.....	49
6-8	Nuisance of cooking fume & odour emission.....	49
6-9	Opinions of installing cooking fume & odour purifier compulsory.....	50
6-10	Approval of legislation in control cooking fume & odour emission.....	50
6-11	Acceptance of increasing cuisine price as a result of sharing the expenditure of installing the cooking fume & odour treatment equipment	51
6-12	Range of increasing cuisine price that the respondents accepted.....	52

CHAPTER 7: HYPOTHESIS TEST & CONCLUSION

7-1	Relationship between approval of installing cooking fume treatment equipments compulsory and feeling of cooking fume & odour	54
7-2	Relationship between agreement of legislation in control cooking fume and feeling of cooking fume & odour	57
7-3	Relationship between cooking fume being observed and feeling of cooking fume.....	59
7-4	Relationship between income and acceptance of increasing cuisine price ..	62
7-5	Conclusion.....	64

CHAPTER 8: CASE STUDY IN PUBLIC OPINION SURVEY —

ENVIRONMENTAL EXPENDITURE IN IMPROVING AIR POLLUTION

8-1	Introduction	67
8-2	Survey Objectives	67
8-3	Target population	68
8-4	Survey method.....	68
8-5	Determination of sample size.....	68
8-6	Questionnaire design	68
8-7	Data collection.....	70
8-8	Pre-test survey	70
8-9	Fieldwork	71
8-10	Precision of survey result	71
8-11	Quality control.....	71
8-12	Data processing	72

CHAPTER 9: DESCRIPTIVE STATISTICS

9-1	Outline of respondents	73
9-2	Age distribution of respondents	73
9-3	Education level of respondents	74
9-4	Income of respondents	74
9-5	Household size of respondents.....	75
9-6	Concern in environmental protection awareness	75
9-7	Opinions of air pollution extent in Macau	76

9-8	Source of air pollutants in Macau	77
9-9	Opinions of respiratory problems and damage health result from air pollution.....	77
9-10	Measures taken to avoid the impact of air pollution	78
9-11	Opinions of governing vehicular emission by government	79
9-12	Desire of payment in order to prevent household from air pollution.....	80
9-13	Amount of payment which respondents are willing to afford.....	81
9-14	Reasons of unwilling to afford payment	81
9-15	Opinions in governing quantity of vehicles under the circumstance of improving traffic condition	82
9-16	Opinions in increasing the taxes and cost of vehicles in order to control the quantity of vehicles	82
9-17	Conclusion.....	84
BIBLIOGRAPHY		85
APPENDIX A: QUESTIONNAIRE OF SURVEY (CHINESE VERSION)		87
APPENDIX B: QUESTIONNAIRE OF SURVEY (ENGLISH VERSION)		90
APPENDIX C: QUESTIONNAIRE OF SURVEY (CHINESE VERSION)		93
APPENDIX D: QUESTIONNAIRE OF SURVEY (ENGLISH VERSION).....		96
