Research of the Victim in Cross Border Crime

[Abstract] With the implementation of the open door policy and economic reform in China, the number of cases of cross border crime has increased in recent years. Many scholars and legal departments paid more attention to this kind of crime, such as the type and source of cross border crime.

Victim as part of the criminology in cross border crime didn't attract people's attention up to now. The cause of this phenomenon was complexly, but with the closer relationship between mainland of China and Hong Kong Macau, victim will play an important role in cross border crime and legal assistance in criminal matters in the mainland of China, Hong Kong and Macao.

This research began from the victim's eyes to understand cross border crime, include the type of victims in cross border crime, the character of this kind of victim. Compared with victim in common crime; the research of victim in cross border crime should combine with legal assistance in criminal matters. So the thesis then did some research about victim and legal assistance in criminal matters. Finally, the research brought out how to protect victim in legal assistance in criminal matters in the mainland of China, Hong Kong and Macao.

[Key words] Victim, Cross Border Crime, Legal assistance in criminal matters
