(Finance)

2008

Table of Content

Executive Summary	i
Acknowledgements	ii
List of Tables	vi
List of Figures	vii
Chapter 1 Introduction	1
1.1 Motivation of the Study	1
1.2 Research Objectives	4
1.3 Scopes of Study	4
1.4 Structure of the Research	5
Chapter 2 Literature Review	6
2.1 Airline Cost Categories	6
2.2 Cobb-Douglas Function and Total Cost Model	8
2.3 Economies of Density, Economies of Scale, and Economies of Size	10
2.4 Previous Research Results	11
Chapter 3 Methodologies	13

3.1	Choice of Variables	13
3.2	The Total Cost Model	14
3.3	Economies Characteristics	16
3.4	Data Collection	19
3.4.1	Source of Data	19
3.4.2	Treatment on the raw data	19
3.5	Estimation Method	20
Chapter 4	Results	21
4.1	Descriptive Statistics	21
4.1.1	Cathay Pacific Airways Limited	21
4.1.2	China Eastern Airlines Corporation Limited	26
4.2	Estimation Results	29
4.2.1	Cathay Pacific Airways Limited	29
4.2.2	China Eastern Airlines Corporation Limited	35
Chapter 5	Conclusions	41
Appendix A:	Correlation between Capital and Output	44
Appendix B:	Fuel Price	46

Appendix C: Glossary _____ 48
