**Extracting Usage Patterns from Collaboration
Systems**

by

Cheang Koc Wai

Master of Science in E-Commerce Technology

2007

**Faculty of Science and Technology
University of Macau**

CONTENTS

LIST OF FIGURES	v
LIST OF TABLES	vi
LIST OF ABBREVIATIONS	vii
CHAPTER 1 INTRODUCTION	1
1.1 Preface	1
1.2 Collaboration System and Group Work.....	1
1.3 Problem.....	2
1.4 Solution Approach	2
1.5 Methodology.....	3
1.6 Outline of the Thesis.....	4
1.7 Terminology.....	5
CHAPTER 2 REVIEW OF LITERATURE	6
2.1 Overview.....	6
2.2 CSCW	6
2.3 Existing Collaboration Systems.....	10
2.3.1 Collaborative Virtual Workspace	11
2.3.2 TeamRooms	13
2.3.3 BSCW	15
2.3.4 LiveNet	18
2.3.5 Summary	20
2.4 Collaborative Virtual Environments.....	21
2.4.1 Definition of Collaborative Virtual Environment.....	21
2.4.2 Purpose of CVE	22
2.4.3 Summary	23
2.5 Evolutionary Reconfiguration of Collaboration System	23
2.5.1 Methodology.....	24
2.5.2 Summary	27
CHAPTER 3 GOVERNANCE STRUCTURE AND VIRTUAL PATTERN DISCOVERY IN WORKSPACE.....	28
3.1 Introduction.....	28
3.2 Modelling of Collaboration Activity	28

3.3 Meta-model	29
3.4 Example	30
3.5 Prerequisite of Virtual Pattern Discovery	33
3.6 Pattern description model – Information Pyramid.....	34
3.6.1 Introduction to Informational pyramid	34
3.6.2 Prerequisite for the Information Pyramid	34
3.6.3 Pattern in the Information Pyramid.....	35
3.7 Pattern derivation	36
3.8 Summary	40
CHAPTER 4 DERIVING PATTERN FROM LiveNet.....	42
4.1 Introduction.....	42
4.2 Difficulty of Deriving Patterns in Collaboration Level	42
4.3 Collaboration view.....	44
4.3.1 Artefact View	45
4.3.2 Discussion View	46
4.4 Process of Deriving Collaboration pattern.....	46
4.5 Rules for identify collaboration level pattern	47
4.6 Physical Structure and implementation of View	48
4.6.1 Artefact View structure.....	48
4.6.2 Discussion View structure	48
4.7 LiveNet Data Source.....	49
4.8 Structure and Functionality of LiveNet	49
4.8.1 Discussion Forum	49
4.8.2 Workspace Object.....	50
4.9 Data Description and Storage in LiveNet.....	50
4.10 Pattern Identification in log file	51
4.11 Identifying User Level Action Pattern with User Role.....	52
4.12 Derivation of Collaboration Patterns	52
4.12.1 Data Preparation.....	53
4.12.2 Method of Deriving Collaboration Level Pattern	53
4.12.3 Identify Complete User Patterns	53
4.12.4 Building collaboration views	53
4.12.5 Discovering Collaboration Level Patterns	53
4.13 Storage of Collaboration Level Pattern	54
4.14 Overall Steps in Derivation.....	57
4.15 Sample Extraction of Collaboration Level Pattern.....	59
4.16 Result of Collaboration Level Pattern Extraction.....	61
4.17 Summary	62

CHAPTER 5 PATTERN VALIDATION.....64

5.1 Introduction.....64

5.2 Definition of Collaboration Level Pattern64

5.3 Validation of Collaboration Level Pattern.....64

5.3.1 Validation Rule of *Group-Discussion*65

5.3.2 Validation Rule of *Document-Preparation*66

5.3.3 Validation Rule of *Document-Sharing*67

5.4 Summary.....68

CHAPTER 6 CONCLUSION.....69

6.1 Summary.....69

6.2 Future Research Direction69

APPENDIX A - RESULT OF EXTRACTED COLLABORATION PATTERN 71

APPENDIX B - CLASS DESIGN DIAGRAM.....74

APPENDIX C- LISTING OF LIVENET USER-LEVEL ACTIONS.....78

BIBLIOGRAPHY81
