CHEOK

3-by-3 Pure Imaginary Quaternionic Solutions of the Hurwitz Matrix
Equations

by

Cheok Kam Loi

A thesis submitted in partial fulfillment of the requirements for the degree
of

Master of Science in Mathematics

2008

Faculty of Science and Technology

University of Macau

Approved by

Cheng Che Man

Supervisor

Date

20 Nov. 08

Contents

1	Introduction	1
1.1	Notations	1
1.2	Introduction	2
2	Preliminary results	6
2.1	Lemmas	6
2.2	$n \times n$ Pure imaginary unitary matrices	11
3	Main theorem	14
3.1	Case 1 $\dim \text{span}\{q_1, q_2, q_3\} = 1$	14
3.2	Case 2 $\dim \text{span}\{q_1, q_2, q_3\} = 2$	23
3.3	Case 3 $\dim \text{span}\{q_1, q_2, q_3\} = 3$	25
