

Implementation of ISO 9001:2000 in a utility company

by

Melinda Ho

Master of Science in Civil Engineering

Year 2009

**Faculty of Science and Technology
University of Macau**

TABLE OF CONTENTS

List of figures	3
List of tables	5
Chapter 1: Introduction.....	7
1.1 Background	7
1.2 Research objectives.....	8
1.3 Significance of the research	8
1.4 Scope	9
1.5 Methodology.....	9
1.6 Structure of thesis.....	10
Chapter 2: Literature review.....	12
2.1 Evolution of quality management system (ISO 9000).....	12
2.2 Implementation of ISO 9000.....	22
2.3 Benefits and drawbacks to implement quality management system	24
2.4 Reasons for utility companies to implement quality management system.....	28
Chapter 3: Company background	30
Chapter 4: Development of quality management system	36
4.1 Formation and constitution of quality organization in Macao Water.....	36
4.2 Action plan of the quality organization	41
4.3 Defining the scope of the quality management system.....	42
4.4 Identifying customers of Macao Water	43
4.5 Establishing the business process map through identification of core activities	44
4.6 Setting up documentation structure for Macao Water.....	46
4.7 Communication to staff about startup of the ISO 9001 project.....	50
4.8 Reviewing and modifying existing mechanisms to cope with standard requirements	52

4.9 Implementation of quality management system and obtaining external certification.....	87
4.10 Staff perception over the quality management system before and after its implementation	90
Chapter 5: Maintenance of quality management system.....	104
5.1 Maintenance and continual improvement in quality management system of Macao Water	104
5.2 Staff perception during the maintenance phase of quality management system (3 rd questionnaire survey).....	118
Chapter 6: Discussion.....	125
6.1 Motivation for seeking ISO 9000 registration.....	125
6.2 Difficulties encountered with ISO 9000	127
6.3 Expectations towards ISO 9000 certification	131
6.4 Benefits obtained from ISO 9001 certification.....	135
6.5 Drawbacks encountered after ISO 9000 certification	138
Chapter 7: Conclusions and discussion on future development	140
7.1 Conclusions.....	140
7.2 Discussion on future development.....	142
Bibliography.....	157
APPENDIX A: Questionnaire I.....	163
APPENDIX B: Questionnaire II	165
APPENDIX C: Questionnaire III	167
