

**The Simulations of Lévy Processes and Stochastic
Volatility Models**

by

Chon Ip Chao

Master of Science in Mathematics

2009

**Faculty of Science and Technology
University of Macau**

Contents

1	Lévy Processes and Diffusion Processes	1
1.1	Introduction	1
1.2	Definitions	3
1.3	Examples of Lévy Processes	4
1.4	Mean-reverting Square-root Diffusions	8
2	Simulations of Lévy Processes	9
2.1	Simulations of Brownian Motion	9
2.2	Simulations of Lévy Processes	12
3	Simulations of CIR models	20
3.1	Some Present Simulation Schemes	21
3.2	A New, Efficient and Fast Simulation Scheme	24
3.3	Numerical Experiments	29
4	Stochastic Volatility Models	35

<i>CONTENTS</i>	5
4.1 Definitions	35
4.2 Simulations of SV models	36
4.3 Numerical Experiments	40
Bibliography	45
